

Silent Ghosts

The *Silent Ghosts* are friendly but they also love to play practical jokes on their monster friends.

The *Silent Ghosts* enjoy hiding and jumping out to scare the monsters. Remember, the ghosts make no sound! This helps them to pretend they are not there.

The ghosts live in *Tricky Witch's* house. They love floating around and playing.

They also help *Tricky Witch* to look after the *Black Cats*. They feed the cats and play chase games.
